The 6th International School-Seminar on Early Intervention for Children and Their Families: from Theory to Practice

Dear colleagues!

We invite you to participate in the 6th International School-Seminar on Early Intervention for Children and Their Families: from Theory to Practice.

Dates: 30 May – 03 June 2022 in the hybrid format (virtually and face-to-face).

2022 is the year of awareness about early intervention for children and their families. The school-seminar will be aimed at discussing the theoretical foundations of early intervention and evidence-based early intervention programmes for children with developmental delay and disorders and their families, as well as the experience of advanced early intervention practices in different regions of the Russian Federation and in other countries of the world. A film festival about early intervention will complete of the school-seminar.

The event is held with the support of the Ministry of Labour and Social Protection of the Russian Federation.

Issues to be discussed:

1. Informing about early intervention for children and their families
2. Monitoring to identify children and families in need of early intervention services
3. Development of interagency cooperation in early intervention services delivery
4. Modern information technologies for organizing a regional early intervention system
5. Functions of a regional resource and methodical centre on early intervention for children and their families
6. Training of professional staff to work in the early intervention system
7. Assessment of early intervention service effectiveness and family quality of life
8. An integrated approach to organizing and conducting assessment procedures in early intervention
9. Implementation of early intervention services based on home visiting technology
10. Remote early intervention services delivery
11. Impact of isolation and restrictions of early intervention services delivery on young children's development

Organizers and Partners:

- Albrecht Federal Scientific Centre of Rehabilitation of the Disabled
- Pavlov Institute of Physiology RAS and World-Class Research Centre «Integrative Physiology – to Medicine, High-Tech Healthcare and Technologies of Stress Resistance»
- Ministry of Labour and Social Development of the Krasnodar Territory
- Association of Professional Communities and Parental Organizations for the Development of Early Care
- St. Petersburg Early Intervention Institute

Participation in the school-seminar is free.

Registration is required; it will be organized on the website of Association of Professional Communities and Parental Organizations for the Development of Early Care <https://arprussia.ru/>
