

7th IEEE International Conference
«Video and Audio Signal Processing in the Context of Neurotechnologies»
SPCN-2022

It is our great pleasure to welcome you to 7th IEEE International Conference
«Video and audio signal processing in the context of Neurotechnologies»

This Conference is organized by

- *Pavlov Institute of Physiology Russian Academy of Sciences*
- *ITMO University*
- *St. Petersburg Electrotechnical University "LETI"*
- *«Neuroiconica Assistive» Co. Ltd.*

The conference will be held
ONLINE on 07 – 11 November 2022

The conference will provide an international forum where industry, researchers and academia are able to interact and exchange experiences, ideas, and research results in all areas of Video and Audio Signal Processing in the Context of Neurotechnologies.

Important Dates

Abstract Submission Deadline: **20 October 2022**

REGISTRATION

Main topics of Conference

- **Image and video signal processing in humans**
- **Signal processing in hearing and acoustics**

- Cognitive Science and Neurotechnologies
- From Neurotechnologies to Consumer (Human-Device interaction)
- Neurons and neuronal networks including Neuron-glia interactions
- Virtual Reality Environments
- Signal processing in animal studies
- Art & Technologies, Art & Science

Working languages: English & Russian

(your presentation slides have to be prepared strongly in English)

Report Requirements

The conference is asking you for submissions of your study for oral online presentations (about 15 minutes). An abstract (200-300 words) is required to fill out a registration form.
